

CLEARER VISION FOR EFFECTIVE EQUIPMENT OPERATION

Heavy Duty High Resolution Ball Camera

The ControlMaster® Ball Camera has been specifically designed to withstand the harshest of conditions while providing the highest quality vision for machine control and automation.

The 14220 camera features the latest Sony CMOS technology housed in a rugged, IP69K, die-cast assembly, making this camera one of the leading vision components available.

Compact in design and lightweight this camera reduces the amount of machine space required for fitment while providing crystal-clear imagery.
