

High performance and long life under harsh conditions

HIGH OUTPUT LED WORK LIGHTS

Representing the latest in high output lighting technology, the AusProTec™ range of LED work lights are robust, powerful and resistant to shock, vibration, dust and moisture. With solid-state LED construction and a fully sealed IP67 housing, these LED work lights take durability and reliability to the next level.

All AusProTec™ LED work lights feature rugged and lightweight die-cast alloy housings, stainless steel mounting hardware and extremely tough polycarbonate optical lenses. LEDs are high output with low power consumption and are whiter and longer lasting than traditional work lights. They offer a 6500K output and 30,000 hours of long-life operation.
