

TWO IN ONE CAMERA

Multi-View 1.3M Camera

The AusProTec™ Maxi Vision® Dual View Camera is a parking and driving camera rolled into one. The 1.3M IP68 camera is compact in design and easily adapted into the current Maxi Vision® camera range. The existing monitor trigger wire is used to switch between modes; eliminating the need for the operator to manually change channels on the monitor itself.

Housed in a metal casing, this robust camera delivers a high-quality image in all conditions.

Features

- Compact and robust in design
- High definition CMOS camera
- One lens - two views
- Easily wired to switch between modes
