

No Cables, No Worries

1 Channel Wireless Transmitter and Receiver Kit

The Maxi Vision® Wireless 1 Channel Transmitter and Receiver Kit is robust in design and ideally suited to industrial and mining applications.

Housed in a diecast, IP69K waterproof enclosure, these units can withstand the harshest of environments.

With a range of up to 100 metres (328 feet), this kit has specifically been designed for vehicles where it is difficult to hard wire connect the camera directly to the monitor.

Upon request, multiple transmitter units can be paired to one receiver.
