

# A clear view of obstacles allows timely action to avoid an accident

## Maxi Vision Commercial Vehicle 7" Monitor

Vehicle accidents are an unnecessary cost to any operation. Commercial vehicles, fitted with a monitor on which a clear and accurate view of any obstacles in the region of the vehicle are displayed, provides immediate information to the operator to take the necessary action.

RCT's Maxi Vision Monitor is a high quality, low cost, sturdy monitor ideally suited to application in commercial vehicles. Weighing less than 1kg, the robust monitor is perfectly suited for closed cab application.

The monitor provides a split screen view of 2 to 4 cameras or one camera view at full screen as required for the operation. The touch screen control allows easy access to the information displayed, however remote control of the monitor is also available.

### Caractéristiques

- Split connections for easy installation
- Multi voltage (12 and 24 volt) to suit any vehicle make or model
- Auto Dim function for easy viewing in changing light conditions
- Light weight and durable for easy handling and longer use
- Touch screen control for ease of use, also includes remote control

### Specifications

LCD Size:	7"
Image Ratio:	16:9
Resolution:	800 x 3(RGB) x 480
Brightness:	400cd
Contrast Range:	500:1
Active Area:	154.08(W) x 85.92(H) mm
View Angle:	70(L) / 70(R) / 50(T) / 70(B)
Input System:	Auto (NTSC / PAL)
Input Video Signal:	Composite video (CVBS 75? 1Vp-p)
Input Audio Signal:	Mono Power
Operating Voltage:	DC 12 - 24V (Min 10.5 - Max 30V)
Speaker:	Max 0.5W
OSD Language:	5 languages
Operating Temperature:	-30°C - +70°C
Storage Temperature:	-40°C - +80°C
Dimensions:	181(W) x 134(D) x 28(H) mm
Weight:	580g (Monitor only)
