

# Operate equipment safely while improving productivity

## 10.4" HEAVY DUTY CAMERA SYSTEM

The Heavy Duty Camera System is ideal operators who require a bigger and better view of the area they are working in. This device has a larger screen and a camera and incorporates the AusProTec™ Maxi Vision 10.4" Colour LCD Monitor, a Heavy Duty ControlMaster® colour camera, with mirror image and a voltage regulator.

The 10.4" Maxi Vision camera systems offer machine operators a new perspective on driving and operating their equipment. The range of single and multiple camera systems provide end-user with multiple installation options to suit their application. The system is built to withstand the harshest of working environments.

### Features

- Large LCD screen display
- Camera status LED
- Heavy duty ControlMaster® camera
- 12/24V mobile equipment applications
- Increases safety by providing the operator with clear vision of the machine and work area to perform their tasks
- Heavy duty construction allows camera to operate in the harshest of environments without failure
- Minimal maintenance

### Parts

 APN: 2880	ADAPTOR LOOM RCA MALE TO RCA MALE 1M
