

For a safer working environment

Battery Isolator Locking Bracket – Hella / Bosch

Create a safer working environment for maintenance staff and increase security for mobile equipment with RCT's Battery Isolator Locking Bracket. This bracket is designed to suit Hella / Bosch style battery isolators.

This lockout enables the switch to be locked out which safeguards personnel and prevents unauthorised vehicle start-up.

All lockout brackets are designed to fit switches without the removal of the switch or cables. Once fitted, it remains permanently in place and can only be locked in the "Off" position.

Features

- Designed to suit Bosch and Hella Isolator Switches
- Designed to fit switches without the removal of the switch or wiring
- Compact in design – 140mm x 80mm x 90mm (5.5" x 3.15" x 3.54")
- Powder-coated stainless steel construction

It is recommended that:

- For battery isolation, a red lockout bracket is used
- For start isolation, a yellow lockout bracket is used
