

Maintaining clear vision day or night! Look forward to a new rear vision

CAMERA SYSTEM KITS

The Maxi Vision® camera systems offer machine operators a new perspective on driving and operating their equipment. The range of single and multiple camera systems provide end users with different choices on the best camera system set up to suit their application.

The AusProTec™ Maxi Vision range of colour LCD monitor and camera options are robust in design and are ideally suited to industrial and mining applications. Heavy duty casing and mounting options are also available to suit custom applications.

Widen your view towards machine safety and productivity.

Components & accessories

Refer to camera kits and components guide

Custom camera kits to suit specific applications available on request.

Components differ between kits. Refer to the camera kits and components guide for full components details.
